# NEWSLETTER

Dear parents/carers,

I hope this week's newsletter finds you and your family well. We have had another productive week in school with an average of 113 children attending each day. We are now working hard to plan for September when we will finally be able to welcome you all back. We can't wait! I will be sending out more information over the next few weeks as we firm up our plans. Although we will have all children back, there will still be protective measures in place and I will keep you and your children informed of what to expect. I cannot believe we are about to start the final week of term! I hope your children enjoy this final week whether they are in school or at home. Take care and stay safe. Mrs Bentham .
